REPORT OF SYBAMMC FIELD TRIP TO FILM MUSEUM

DATE: 16TH March, 2022

To gain a deeper understanding of Indian cinemas, the Mass Media Department of Bunts Sangha's S.M Shetty College of Science, Commerce, and Management Studies organized a visit to the National Museum of Indian Cinema on March 16, 2022, led by Films and Communication Professor Chetan Mathur.

The student learned about various filmmaking techniques such as cinematography, visual effects, editing, past vs. present filmmaking techniques, and various filmmaking equipment. They also learned about the history of Indian cinema.

The National Museum of Indian Cinema, which opened recently, is the first of its kind. It is housed in two buildings in the Films Division complex and has a public space where visitors can relax and sit. Gulshan Mahal, a beautifully restored nineteenth-century heritage building, is divided into nine sections that take visitors on a journey through 100 years of Indian cinema. Its collection includes a variety of documents, posters, models/dioramas, multimedia kiosks, and artifacts. The nine sections are divided into two floors and are as follows: The Origin of Cinema, Cinema Comes to India, Indian Silent Film, The Advent of Sound, The Studio Era, The Impact of World War II, Creative Resonance, New Wave, and Beyond, and Regional Cinema. However, the building is not accessible to people with disabilities, as one must climb wooden stairs to reach the first floor.

The four floors of the New Museum Building are home to four fully air-conditioned exhibition halls. Level 1: Gandhi and Cinema; Level 2: Children's Film Studio; Level 3: Technology, Creativity, and Indian Cinema; and Level 4: Cinema Across India are among them. The children's film studio is a must-see for young audiences and school groups because it provides an immersive experience for children by utilizing interactive elements such as a stop-motion animation studio, a sound effects and mixing studio, a photo studio, and more. Instead of a tour guide, the museum has digital kiosks with old telephone receivers for specific exhibits that visitors can pick up and listen to in three languages. There are also timelines that, where applicable, place India on the global map.

The visit was extremely informative and provided the students with a wealth of information about the history of Indian cinema. The industrial visit to the National Museum of India was undoubtedly an enriching experience for students interested in learning about the film industry.

Feedback and ATR: Students expressed satisfaction with the trip and agrees that it created more awareness

The trip is to be conducted every year for students of SYBAMMC.

Event :- SYBMM Mass Media Research Practical Session on data Collection

Organised by :- Department of Mass Media & Communication Skills

Trainer: Subject In-Charge and the Counselor

Objective:- To give practical experience to students on how to collect primary data and evaluate.

Report:- SYBMM students under the subject of Mass Media Research had selected a topic of 'Depression in students' to research on. This session was an interaction between the students and the counselor to understand how to differentiate between sadness and depression and how to collect primary data, how to analyse it and how to create awareness amongst the college students on this topic.

The students filled in the Metal Health Questionnaire themselves, collated the data and came to the conclusion that many students were prone to depression and there was a need to spread awareness about the topic. There was a consensus on taking up the topic of Depression for the next Y Talk event which is an open discussion platform for all students of Degree College.

EDITORIAL

Who could have ever thought that the whole world almost would come to a standstill, lives and livelihoods lost, the downtrodden, the mighty, all would meet the same fate...all at the mercy of a single strand of RNA.

All the words that we so commonly use in this digital age-virus, viral- suddenly seemed to be staring at our faces telling us 'this is what I mean'

In January and February we would tell our students, be careful, and make sure you wash your hands. In mid March we told them stay home...and we are yet to be able to tell them, 'come back'. Terms have ended and begun, seasons have turned, a year is almost over, the Novel Corona Virus is not novel anymore and the world is tired.

Through all this the students and the teaching fraternity have plodded on trying to make sense of this so called new normal.

Resonant 2019-20, as in previous years, carries our expressions, voices, and records of our achievements.

The college has witnessed new and more laurels earned by our students both in academics and extracurricular activities.

The college received the prestigious Ramakrishna Bajaj National Quality Certificate of Merit.

The period of lockdown has been stressful for all stakeholders but adversity has also led to new learning and opportunities. Students and teachers have participated in and conducted webinars, online workshops and extracurricular activities; we have learnt to integrate all our activities to the online platforms. Resonant this year carries memories and records of all these activities.

Our chief editor, Principal Dr. Sridhara Shetty, Vice Principals Dr. Liji Santosh and Assistant Professor Sandesha Shetty have guided the editorial team at every step. The students and staff members have put in their very best to make the magazine a worthy documentation that truly reflects the college and its glories.

A year marked with many losses and many lessons learnt, new warriors have come to the forefront. India, along with the world has lost many stars. Resonant humbly acknowledges the efforts of all the frontline workers who have given their all to keep all safe.

A dialogue from a film that starred one of these stars that we lost, Irfan Khan: 'Kismet ki ek khaas baat hoti hai ... ki woh palatti hai' (The one thing about fate-it always turns...)

Let us hope that it turns soon and for the better.

REPORT ON THE ART OF PRESENTATION

7TH AUGUST, 2018

The Department of Management Studies conducted an orientation session for the students of BMS on Power Point Presentation Skills on 3rd August, 2018.

The objective of this activity was to enable students to interact with the audience, transmit the messages with clarity, engage the audience in the presentation; and interpret and understand the mindsets of the listeners. These skills refine the way an individual puts forth messages and enhances persuasive powers used in the corporate world which is also beneficial for their internal assessments.

5 students of TYBMS having excellent oratory skills took an initiative to demonstrate 'The Art of Presentation' on an interesting topic related to Business Management to the students of SYBMS (Marketing & Finance). They were trained by Prof. Steffi Salve on speaking skills and techniques to design a PPT through which they highlighted the "Do's" of presentation techniques during their presentation. Thereafter, they were also given necessary tips to avoid mistakes while presenting a

topic.

Report

The Department of Mass Media & Communication Skills had organized a short term English Bridge course for the students of S M Shetty Degree College from **15th December 2021 to 18th January 2022**. It commenced with a pre-test to gauge the level of the students that have registered for the course and consisted of a 10 hrs duration activity based teaching syllabus which included basics of grammar, presentation, oral and written language skills etc. The bridge course was strategically planned to help students arrive at a level of proficiency required at the college level and to aid in better communication. The total number of students who attended the course are **19- 13 (Female) + 6 (Male)**.
