## MUTUAL FUNDS TAKE your PICK

Mutual funds offer a wide variety of product types to choose from. They can be classified as:

- On the basis of scheme structure:
  - Open Ended Schemes
  - Close Ended Schemes
- Based on asset class in which the scheme invests:
  - Equity Schemes
  - Debt Schemes
  - Hybrid Schemes

(All three can be Open Ended or Close Ended)

### FUNDS BASIS SCHEME STRUCTURE

**OPEN ENDED SCHEMES**

- Are always open to investors
- Can buy or sell units on a continuous basis

**CLOSE ENDED SCHEMES**

- Have a lock-in period. May vary from 3 - 5 years depending on the scheme objective

### FUNDS AS PER THE ASSET CLASS

#### EQUITY SCHEMES

Suitable for long term investment

- Can focus on individual sector or diversify across sectors
- Certain schemes can also help save tax
- Certain schemes invest in global markets

#### DEBT SCHEMES

Aim to add stability to your equity portfolio and capitalise on growth

- Invest in interest bearing securities like Go Corporate Bonds, Money Market Instruments
- Some schemes provide easy liquidity suitable to park surplus cash for short term
- Some schemes provide investment opportunities across different time periods
- Some schemes try to benefit from changing interest rates

#### HYBRID SCHEMES

Provide blend of both equity and debt

- Invest in range of securities like stocks & bonds depending upon the scheme objective
- There are also schemes that allow you to invest in gold units.

With such varied products and schemes, Mutual funds are ideal to meet the long, medium or short term financial needs with different risk appetite.

**ALWAYS PLAN AND INVEST CORRECTLY!**

## EQUITY MUTUAL FUND VS DIRECT EQUITY

- A Mutual Fund is like a bus! You are one among many participants or passengers. Your job is to trust the fund manager or the driver while he manages your and other participants' monies
- Relative to a car, the journey in a bus is safer but slower. Moreover, the driver is driving and you are not really putting in a lot of effort. Likewise, mutual funds do not deliver returns as high as shares or stocks, but the returns are more likely to be predictable to a greater extent

- Investing in the stock market is like being your own manager. You are responsible for managing your money directly. However, exceptions like PMS and equity advisory services exist
- Relative to a bus, a car can go faster. However, higher speed means higher risk of accident. Similarly, shares or stocks offer higher potential returns when compared to mutual funds

## What is Mutual Fund?

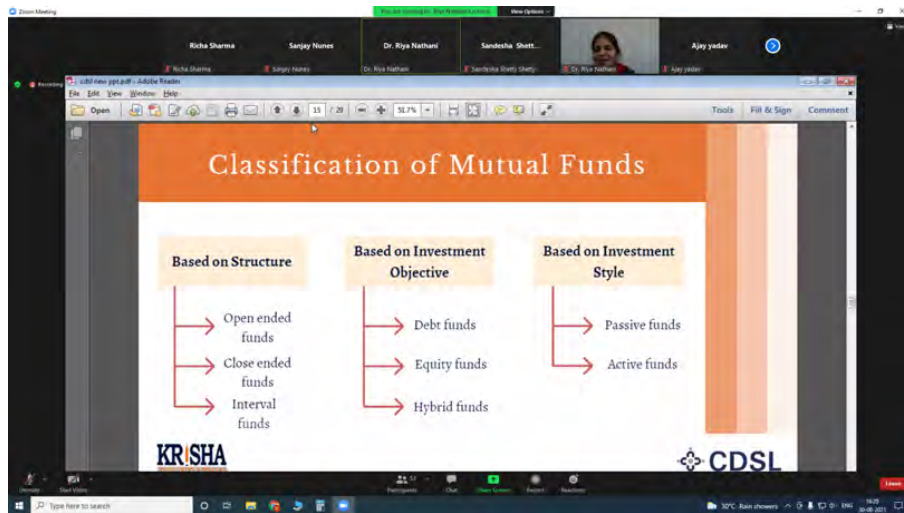

KRISHA

- A mutual fund is a common pool of money into which investors put their contributions to be invested in accordance with a stated objective.
- Investors get mutual fund units, on a proportionate basis, for the sum contributed to the pool. Fund belongs to all unit holders.
- The funds are managed by professional fund managers.
- In an age where investment no longer is confined to a savings account or a few fixed deposits, mutual funds have come a long way.
- Investors prefer mutual funds as managing them can be way easier than handling stocks or bonds individually.

**Report: Webinar on Soft Skills in the Corporate World**

**Event:** National Webinar On Soft Skills in the Corporate World

**Date:** 11th April, 2021

**Time:** 08:30 am to 09:30 am

**Venue:** Zoom Meeting

**Scope:** To let students know the importance and different aspects of soft skills in the corporate world.

**Objective:** To conduct an online national level webinar on soft skills in the corporate world.

**Highlights:**

The Department Of Accountancy and Financial Management had organised a national level webinar on soft skills in the corporate world from 8:30 am to 9:30 am on 11th April, 2022. The resource for the day was CA Nilima Gautam, Chief Manager at ICICI Bank, Mumbai. The resource person had shared various aspects such as importance of soft skills such as communication skills, interpersonal skills and networking, work ethics and creativity. She also spoke about different ways to improve our soft skills and how to create a check list of the same for our first job. There was a total of 200+ students who had actively participated in the event and the overall feedback was positive.

## A checklist for your first job

- ★ Reach office on time everyday.
- ★ Take feedback sportingly & try to improve, not just for the sake of office, but for yourself too.
- ★ Don't let mistakes pull you down!
- ★ Ask for help & guidance when required.
- ★ Be among successful, focussed people who have a vision: it rubs off.
- ★ Learn public speaking & presentation skills.
- ★ Treat others well: as you would like to be treated.

## How to improve ourselves on a regular basis

1. Have goals: break them down into smaller measurable goals.
2. Make time bound plans: practise time management.
3. Make a to-do list: yearly, monthly & daily.
4. Listen to relevant podcast in your subject of interest.
5. Have a buddy at work or with whom you can discuss & take regular feedback.
