ENVIRONMENTAL POLICY

Objective

- To reduce adverse impact on environment due to institutional activities
- To sensitize students and staff towards environment through courses, activities and awareness initiatives
- To encourage tree plantation within and outside campus

Policy

- The processes related to admission, fee payment, and attendance system has to be conducted online to reduce usage of papers.
- The library should also encourage students to access online resources using different virtual library portals.
- The electricity should be conserved by educating staff and students and using more energy efficient equipment.
- The nature club of the institution should take initiatives to sensitize students towards environmental issues and conduct green initiatives.
- The institute should maintain plantation area by planting trees with medicinal values and to reduce carbon footprint.
- The institution waste generated should have well-planned management so as to have minimal harmful impact on environment.
- Institution should encourage tree plantation in the vicinity of college and by gifting saplings to the guests and visitors.

ENERGY CONSERVATION POLICY

OBJECTIVE

The institution has framed the policy for accomplishing the following objectives:

- To create awareness among the students and staff members about the techniques of reducing energy consumption
- To use alternative energy sources for environmental sustainability
- To educate the students and staff members on methods of saving by minimizing use of electricity
- To avoid wastage of energy

Bunts Sangha's S.M. Shetty College of Science, Commerce and Management Studies has sustainable environmental and energy consumption practices. The campus has taken initiatives to minimize the use of electricity and is also using alternate energy source. Few highlights of our initiatives are:

- Entire campus uses LED lights
- Solar panel is installed as an alternative energy source
- Students and staff members are educated on stopping wastage of energy by placing posters near switches

To accomplish the objectives, the institution has following policies:

LIGHTS:

- The institution uses only LED bulbs for illuminating the facility
- The switches are appropriately allocated to lights so that there is no unnecessary light being used
- The students and staff members are instructed to switch off the lights before leaving the room.
- Every room has provision of natural light to minimize use of electric bulb

POWAI, MUMBAI

AIR CONDITIONERS & FANS:

- Each classroom is having fans installed so as to cover entire room.
- Air conditioners can be used only if there are considerable number of students and staff members are using the room
- ACs are switched on by the security guard so that its usage can be monitored

MAINTENANCE:

- A dedicated team of maintenance staff for electrical equipments and fittings has been appointed under the central administration of the institution.
- For any complain or service requirements, the staff members can mail to adminhelpdesk@smshettyinstitute.org

Hence, the institution aspires to minimize carbon footprint by reducing the usage of energy and using alternative sources of energy.
