Report

The Department of Mass Media & Communication Skills had organized a short term English Bridge course for the students of S M Shetty Degree College from **15th December 2021 to 18th January 2022**. It commenced with a pre-test to gauge the level of the students that have registered for the course and consisted of a 10 hrs duration activity based teaching syllabus which included basics of grammar, presentation, oral and written language skills etc. The bridge course was strategically planned to help students arrive at a level of proficiency required at the college level and to aid in better communication. The bridge course also targeted students from a non-English medium background to help them reach a level of sufficiency in this global language. The total number of students who attended the course are **19- 13 (Female) + 6 (Male)**.

Since the Covid – 19 pandemic situation began, the bridge course is being conducted online and this time, it was successfully completed with a test on the 18th of January; students who passed the test and attended the course regularly were awarded with certificates. Post this, a feedback link was circulated.
