Feedback Received	Action Taken Report
When asked for the suggestion about the orientation programme, majority of the students wrote that they were happy with the library activities. Few students had requested the library to conduct sessions on improving reading, career, foreign language etc.	Taking view of the student's suggestion, the library will definitely organise sessions for improving reading, career options etc.

Remote Access to E-Resources During Pandemic Report

The digital library website provided remote access to e-resources & information services to the teachers & students during the pandemic period. Digital Book-Shelf service was initiated by the library through which the teachers and students could access the books by clicking on the cover page. E-Periodicals Rack was created to provide full text access to periodicals subscribed by the library and also journals from N-LIST. Virtual Book Exhibition was organized to allow the teachers to browse the book content & provide requisition for new book purchase. The library website was upgraded to the latest version & updated with access to more online resources. 'Online SDI Service' was initiated by the library through which the research scholars of the institute could get links to selective information resources related to their Ph.D. topic. Information related to various online courses was communicated to the teachers through college Whatsapp group on a regular basis. Students were guided in their information search through e-mail or telephonic contact.

Session on Information Sources & Plagiarism Report

The Learning Resource Center (LRC) in association with the Department of Information Technology organised a guidance session for all the classes of BSc.IT. & BMS. The session was organized online on Zoom platform from 27th January to 2nd February 2021 for BSc.IT. and 8th & 9th February 2021 for BMS, 2nd & 4th March for TYBAF and TYBBI respectively. The objective of conducting the session was to make the students aware of the various online sources which they can use to gather information for their study and research work. The session also aimed to make the students aware about plagiarism and how they can use information from various sources without getting their content plagiarised. Librarian, Ms. Smitha Ravindranath took the session through the zoom link provided by the respective class teachers. The session was interactive and the students were encouraged to post their queries and doubts. Feedback link was shared towards the end of the session along with the attendance link. The feedback received from the students suggests that the session was a success with many students providing positive responses.
