Itenary

Loanvala Field Trip

Organized by Department of Economics

Date: 8thFebruary,2019

Departure: 7 am from the college No. of Students: 52

- 8 am: Halt at Manas Kendra for Breakfast
- 9 am Bushi dam
- 10 am National Association of Blind
- 1 pm Lunch
- 2 pm Suneel's Wax Museum
- 4 pm Departure from the Mall

Department of Economics: Field Trip to Lonavala on 8th February 2020

Report

Between the crowd of 52 students and two teachers, the journey began at sharp 7:30 from the college gate toward the valleys of Lonavala. Decided as per schedule our first destination was Sunil's Wax Museum located on the top of hills having more than 87 models. It is a family friendly museum featuring lifelike wax replicas of Indian and international celebrities. The creator had been truly dedicated his souls while creating them, from the philosophical to cricketer and from Bollywood to politics the models were crafted. it was really amazing experience to the students and us. And later our journey began towards the most nature loving located between the Sahyadris valleys "The Bhushi Dam". It's a masonry dam on Indrayani River in Lonavala. Surrounded with green lands and away from city life having enchanting sights everyone felt relax and peaceful towards it. Having lunch nearby, our journey began towards the NAP National Association for Blind near Khandala.to fulfill the socioeconomic needs of the ageing blind NAB (India) in 1970 established the Lions home for ageing blind. Together we hoped to make a amazing difference being with such a wonderful people. One the person who had four years of work experience in NAB guided us about the working hours and the ability of the people who are working there for many years. We had spent only couple of hours with then and these hours tend to the most emotional moments of the journey. The Association engaged people in small medium enterprises which produce small products and they earn from those activities. Their products include soups, bedsheets, napkins and towels, shopping bags and incense sticks and many other small products. We purchased some of the products. Some of the students really felt very blessed by talking to them and hearing to their experience and story. As it quotes "people can live life without eyesight but not without vision." And the people we meet the day had extraordinary vision in their life and for their surroundings. And around 4:20 we began our return journey toward our home taking the great message that in "life generosity is never a quality of weak people it's a choice of being the same."

Outcome:

Learning by experiencing is with the realities of the real world

- How old wisdom can be tapped into productivity
- How can we replicate Madame Tussauds in our own Pune can create an economy out of it
