## Video Editing Workshop

Correspondent : Madhav Tiwari ( SYBAMMC)

Posted on : May 28th , 2020

The Department of Mass Media and Communication skills of the college conducted a "Video editing" Workshop for the Students of all the Departments on May 27th, 2020 as part of their student's skill sharing initiative STUDIO PLUS.

Being in the midst of lockdown due to pandemic, the session was conducted via ZOOM Meeting. The participants had been informed to download the video editing software prior to the workshop, so that they could do work on the software simultaneously.

The resource persons for the workshop were our very own SYBMM students Chaitanya Lodha and Deepak Gupta.

Deepak Gupta

•  
Chaitanya Lodha

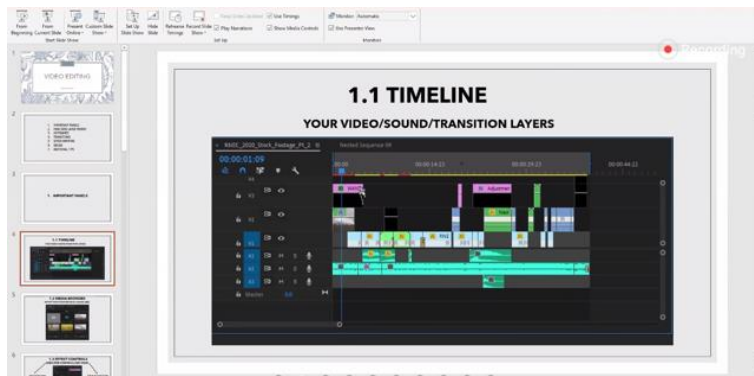

They explained the working of Editing Software Filmora and Premiere Pro. The Workshop commenced with an introductory note from the Studio President Ms. Tanya Haldar of SYBMM about the gamut of activities conducted by the BMM departmentlike Studio Samachar, Samvarta, Kaarva to name a few and a teaser of the department’s up-coming intercollegiate event ‘Kaarva’

Deepak Gupta shed some light on the fundamentals of video editing by utilizing the Filmora Software which indeed is very Good for Beginners.

•  
His main focus was on the correct utilization of Timeline, Shooting your project, Organizing, Importing and Exporting files. He later went on to demonstrate fundamental examples of video editing on the Filmora software. Chaitanya Lodha went on to take an intermediate level

video editing session where the participants had a chance to learn the Speed Remapping Tutorial, Information about layers some Good effect such as Gradient Wipes and Zoom out.

The workshop emphasized more on practical knowledge throughout live demonstration and practical hands on experience by students at their end. The session ended with Q&A session addressed by the resource persons and a vote of thanks by Studio President Ms. Tanya Haldar.

### Suggestions:

- The session went a bit fast, therefore found little difficult to grasp.
- You Are Doing Best Work In this Lockdown.I Hope You Will Start teaching us on Android Also.
- It was nice editing with you guys learned many things which I didn't know before

- Teach on free software.
- Should have been provided in dept content.

### **ANALYSIS:**

Some students insisted on a slow paced and in depth explanations. But they also enjoyed the overall session. Teaching on a free software might have attracted more people to attend the workshop.
