Action Taken Report: Kaavish

Kaavish 2019 had many participants coming in and the event was a grand success overall with a variety of students participating in all events.

PowerPoint Presentation: The students had to make a PPT and present it creatively. Judgement was made on the basis of captivating delivery and creative presentations.

Best out of Waste: The students were given raw materials which they had to craft into something creative. This was a real challenge but the students came up with some lovely craft items.

Handwriting Competition: The students were given a paragraph to write and were judged on the basis of handwriting, presentation and speed.

Poster Making: The students were to make a poster which sends out a message but is also captivating.

Such were the different events which were met with positive feedback by one and all. Following an overwhelming response from everyone and a huge number of participation, the Students' Council and its teachers decided to continue this fest into next year as students showed keen interest in participating again.
